

Help Prevent Child Abuse Now!

Investing in child abuse prevention not only prevents pain and suffering to children, but is extremely cost effective. For every \$10 spent in prevention, \$1000 is saved in treatment. Nationally, almost 1 million children are abused/neglected each year at a cost of nearly \$104 BILLION DOLLARS!

You can help!

- 1. Wear a blue ribbon and tell others what it means.**
- 2. Put the Hotline number in your cell phone and call if you are concerned about the safety and well-being of a child. 800-331-1585**
- 3. Support and volunteer for agencies that strengthen children and families.**
- 4. Become a "Friend of the Child Abuse Prevention Council" and support the efforts to reach others. A \$10 tax deductible donation represents \$1,000 saved.**

Submit the form below.
